

Note from Rev John Prasad Vallori

Our Organisation

Bethesda Gospel Ministries is a Non-Government Organisation founded in 1997. It is a non-political and non-profit organisation working for the poor living below poverty line and irrespective of caste, religion and creed. Working for purely upliftment of the weaker sections of society, we are presently working in urban and rural areas of Nalgonda district, Telangana State, India.

It takes the power of many to support the poor and orphans; donors who believe in the cause, individuals and organisations to pool their resources and establish homes for kids and work together with education programs for change.

Our Vision

Extending God's Kingdom through spiritual and social services.

Our Values

- **Challenge convention:** We believe that a future without neglected children / destitute is possible
- **Value every donor:** We believe in donors playing an active role by involving them with orphan children
- **Drive accountability:** We believe in making changes when something isn't working and building on the success when it is.

What We DO

- **Grace Children Home:** Presently, there are 20 orphan children at our Grace Orphan Home. All the children are orphans who have lost their mother or father in their early age.
- **Health Services:** Organizing free medical camps in rural villages, supplying medicines to the poor, extending support to patients in future if necessary#
- **Widow Care:** We have more than 300 widows in all of our churches who really struggle in their daily feeding, clothing and medical assistance
- **Sewing Centre Training:** We've trained over 210 women in 4½ years so far. Every year we manage to finish 3 batches, with each batch having 15 people. After the course, women are motivated to start their work in their communities and earn. All they have to do is purchase a sewing machine, which only few are able to do. We are praying for resources and financial support to help these women stand on their own feet by working. Now, few of these women are earning and supporting their husbands in meeting family expenses.
- **Evangelism & Church Planting:** Presently, we are holding 10 churches and 20 other churches closely working through Bethesda Gospel Ministries network. All our pastors are rural pastors and by faith they are running their house churches. They do not have regular support and about 30 pastors who are seeking monthly financial assistance to take care of their homes and church activities to extend the kingdom of God.
